

Thursday, November 2, 1995 Volume 72, No. 39

**The Grassy Waters Festival**  
is this Saturday beginning  
with the ever-popular bed  
races at 10 a.m. Don't miss  
this festival in Pahokee!

## News Briefs

**Fish Fry**  
The Pahokee Elks Lodge, # 1638 is sponsoring a fish fry Saturday, Nov. 4 from 11 a.m. to 6 p.m. Dinners are \$6.  
The lodge is located at 691 East Main Street, Pahokee.

**Veteran's Day Program**  
Pahokee Middle/Senior High School is holding a Veteran's Day Recognition Program on Wednesday, Nov. 8, in the Joseph W. McIlwain Gymnasium.

The program will be held from 9 to 10 a.m. Parents, citizens and friends are invited to come and enjoy the celebration, which will include art-work, music, and guest speakers.

**Explorers to hold fund raiser**

The Palm Beach County Sheriff's Explorer Post 611 is sponsoring a barbecued chicken dinner at the Belle Glade Marina Pavilion on Sunday, Nov. 5 from 11:20 a.m. to 4 p.m.

Donation is \$6 and meals can be purchased at the event or in advance by contacting Wanda Cheek, Sgt. Raulerson, or any explorer.

**Food Festival at St. Philip**

St. Philip Benizi Catholic Church is celebrating their third annual International Food Festival on Sunday, Nov. 5, from 11 a.m. to 2 p.m.

There will be music, drawings and various ethnic foods for sale, including Cuban, Mexican, Creole, Puerto Rican, American and desserts. The church is located at 710 South Main Street, Belle Glade. Everyone is invited.

**Bazaar set for Nov. 11**  
The annual Community United Methodist Church bazaar is set for Nov. 11 from 8:30 a.m. until 1 p.m.

Sponsored each year by the United Methodist Women, the bazaar is held in Jameson Hall and features many homemade arts and crafts items, food, and the annual second-around shop.

**Boy Scout food drive**  
Please support your local 'Scouting For Food' drive.

On Saturday, Nov. 4, scouts will distribute food collection bags to homes throughout the community. The following Saturday morning, Nov. 11, Scouts will return to pick up the donation bags and take them to the designated collection points.

The donated food will then be delivered to a variety of local distribution agencies, which will in turn make the food available to the needy in your area.

**Special services at First Baptist Church**  
Evangelist Steve Hale will conduct services at the First Baptist Church in Belle Glade nightly at 7 p.m. beginning Nov. 5 through Nov. 8. The entire community is invited to attend the services. For more information, call the church office.

The 1995 Citizen of the Year...Bo Austin (right) is presented Belle Glade's highest honor by Tom Altman at last Thursday's Belle Glade Chamber of Commerce Award Banquet.

## Police seek man missing since Saturday

Police are seeking information on a man who has been missing since he left his mother's home early Saturday morning.

Edgar Orlando Forbes, 21, a resident of South Miami, was headed for Miami on U.S. 27 in a 1995 red Honda Civic at 2:15 a.m. Saturday. He didn't arrive home, according to the uncle he lives with, and friends say he hasn't been to work all week.

Forbes was last seen wearing striped boxer shorts, a white t-shirt and brown shoes. Belle Glade Police say there has been a possible sighting of Forbes in the Tallahassee area. Anyone with any information is asked to call the Belle Glade Police Department at 996-7251.

## P.E.A.C.E. protest; wants the rights of Belle Glade citizens

By Buffie Chapman  
Staff Writer

P.E.A.C.E. (People Engaged in Active Community Efforts) and the Okeechobee and Ocoila Housing Center organized a protest, which was held in front of the Belle Glade City Hall, Oct. 26.

P.E.A.C.E. is involved in trying to get the Okeechobee Housing Center, which is located in Belle Glade, annexed into the city limits of Belle Glade.

Executive Director of P.E.A.C.E., Aleem Fakir, and President of Okeechobee Housing Authority, Albert Peterson, were in charge of the demonstration. Protesters feel that the Belle Glade Housing Authority and the City of Belle Glade Commission don't want them to be a part of the city. "If the commission doesn't want to be a part of the city, then they shouldn't take our tax dollars we spend in the City of Belle Glade. We do not have a right to vote in the city elections or have the right to say where we want our tax dollars to be spent. Right now, we shop in Belle Glade and businesses make money off of the residents that live in the Okeechobee Housing Center but we do not have the right to say where these monies are spent. Also, we do not have input on what members are selected to be in charge of the housing authority board, even those decisions are made by the City of

Belle Glade. The city selects who is going to be in charge of us."

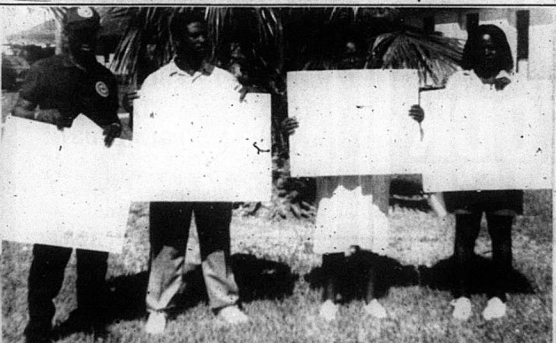

The Okeechobee Housing Authority and the P.E.A.C.E. organization wants to be annexed into the City of Belle Glade and wants the City Commission of Belle Glade to see that this action takes place.

The organizations held two demonstrations, one at City Hall and one at the Housing Authority Office. The group said this is the beginning of a series of demonstrations that will be held.

"Next, the demonstrations will be held at commissioners' businesses and in front of commissioners' homes and more members will be involved," said Fakir and Peterson. "These are non-violent demonstrations that are not meant to be a disturbance to other residents but to get the City of Belle Glade Commissioners involved in wanting to get the Okeechobee Housing Center annexed into the City of Belle Glade so that we can be an active part of city elections, etc."

P.E.A.C.E. says that if you have questions or need further information regarding these demonstrations call 835-1515.

Fritz Stein, Chairman of the Board of the Belle Glade Housing Authority, and Lois Davis, Executive Director of the Belle Glade Housing Authority, were both contacted for this article but neither had returned phone calls as of press time Wednesday.

P.E.A.C.E. full protest!...Pictured above (left to right) are Executive Director of P.E.A.C.E., Aleem Fakir, President of Ocoila/Okeechobee Resident Council, Albert Peterson, and residents Emma Hamilton and Bobby Peterson shown protesting Oct. 26 in front of the Belle Glade City Hall. This is one of several scheduled demonstrations set to try to get Ocoila Housing annexed into the City of Belle Glade.

## Bo Austin chosen Belle Glade's Citizen of the Year

By Brenda Bunting  
Editor

A record number of people turned out for the 31st Annual Belle Glade Chamber of Commerce Awards Banquet last Thursday evening to honor a man and his barbecue.

Belle Glade's most prestigious award, Citizen of the Year, was presented to Horace A. "Bo" Austin, a resident of Lake Harbor.

Mr. Austin, 63, was recognized for his charitable work in the Glades for the past 44 years and for his legendary cooking skills. Long-time friend Tom Altman announced the honors for Mr. Austin, noting that he was a "community cook extraordinaire."

Mr. Austin moved to South Bay in 1951 and then went off to serve his country in the Korean War. "From that time on," said Mr. Altman, "this man has spent much of his life helping others. As an American Legion Commander, as an active and hard working member of the Lake Harbor Methodist Church, as a volunteer 'magna cum laude' at Glades Day School, as a father, brother, uncle, grandfather, friend, he has always been there."

Mr. Austin was born in Sebring. As a child, he was part inventor and part builder, often coaxing his brother, Norman, into being the "test pilot" for his projects. "Undoubtedly, some of the skills developed during this imaginative childhood would later serve him well as he went on to a career spanning almost 40 years with the South Florida Water Management District," said Mr. Altman.

"The quality of this man's response to being a member of our community has earned him this award tonight, as well as our collective gratitude. We have been blessed by having him in our midst," he told the crowd.

**Agri-Industrial Man of the Year**

The 1995 Agri-Industrial Man of the Year award went to Paul R. Orsenigo. President Dolly Hand lauded his work ethic, his citizenship, his con-

tributions to his community and assistance to other farmers.

"It is his character, his extraordinary character, that

Paul R. Orsenigo

makes him so special," she said.

Mr. Orsenigo, 39, owner of Pro Farms, grows lettuce and leafy vegetables in the Glades as well as sugarcane. He and his wife, Susie, have two children, a son Derek and daughter Cynthia.

While a student at Glades Central he became an Eagle Scout and also began working in agriculture jobs at the Everglades Experiment Station and at South Bay Growers. He holds a bachelor of science degree from the College of Agriculture at the University of Florida.

Following a brief stint out west in 1979, harvesting grain along the famous "Golden Trail," from Texas to Montana, he returned to Belle Glade and in 1985 began Pro Farms.

He is a member of the board of the Belle Glade Housing Authority, a director of both the Western Palm Beach County Farm Bureau and the Florida Fruit and Vegetable Association, and is also active in his church and in community schools.

**Firefighter of the Year**

A 10-year employee with the Belle Glade Fire Department, Scott Berkowitz, 33, was given the honor of Firefighter of the Year. Fire Chief Tony Tuliano presented the award.

Since his employment in 1985 he completed several courses to enhance his fire service career, said Mr. Tuliano.

## Pressure on dike is causing seepage

Corps takes action to lower Lake Okeechobee

The U.S. Army Corps of Engineers is stepping up water releases from Lake Okeechobee to provide some relief from lake levels swelled by recent heavy rains.

The Army Corps of Engineers are keeping a close watch on the Herbert Hoover Dike because the swollen lake is putting pressure on the dike.

"We are optimistic it will continue a slow descent," said Eric Jeffcoat, assistant chief of South Florida operations for the Army Corps of Engineers, which manages the lake. The level of the lake increased to near-record levels when a front stalled over Florida two and a half weeks ago.

Corp inspectors have found 25 seepages, or small water leaks, in the 110-mile dike and in a trench at its foot. A four-inch-wide boil spotted

near Lake Harbor on the south side of the lake has been contained, according to Mr. Jeffcoat, but sandbags were brought to the site Wednesday by 50 inmates from Glades Correctional Institution's Drug Farm.

John Morgan of the South Florida Water Management District said there are a number of spots where water is bubbling up from the ground. He said this is normal when the lake level is higher than the Rim Canal.

"It's just the hydraulics of the systems," Mr. Morgan said. "The water pressure is causing an artesian flow."

The highest the lake has ever been was 18.77 feet in 1947. Officials say they will continue to monitor the dike.

Citizens with questions or concerns may call a phone bank established at the water management district. The number is 1-800-544-2323.

Joint meeting...Pahokee and Belle Glade's Rotary Club held a joint luncheon meeting last Thursday in Pahokee. Shown, from left, are Belle Glade Rotary President Danny Kirchman, guest speaker Palm Beach County Sheriff Charles McClutcheon, Palm Beach County Sheriff's Office Captain Mike Mills, Pahokee Rotary President Danny Jones and Pahokee Chief of Police Skeets Salvatore.

## Rural Initiatives Conference is next Thursday

Nationally recognized speakers will join community leaders at a Rural Initiatives Conference next week to explore ways to enhancing viability in the Glades. The conference is scheduled for Nov. 9 at Palm Beach Community College, Glades Campus. Registration begins at 8 a.m. and sessions will begin promptly at 8:30 a.m.

The event is co-sponsored by Glades Community Development Corporation (GCDC) and the Glades Regional Economic Development Council.

Tony McCray, executive director of GCDC, says the conference

format includes a morning plenary session and break out groups for specific focus, and then an afternoon plenary session.

"We have structured the conference to provide our residents with examples of successful projects in communities similar to the Glades so that we might benefit from their experience and learn from these models," said Mr. McCray.

The four areas of concentration are agriculture, enterprise development, tourism, and work force preparation.

"GCDC's goal is to facilitate the development process. We want to assist the community in organizing and building consensus for strategies that will strengthen our economy," said Mr. McCray.

The conference keynote speaker is J. Mac Holladay, the chief operating officer of the Governor's Development Council for the state of Georgia.

Mary Helen Blakeslee, bureau chief of the Business Assistance Division, Florida Department of Commerce, is also slated to speak.

The conference is free and open to the public. Anyone interested in learning more about the event, or in registering, may contact GCDC at 992-9500.

### Round-About "Shaq" Attack

By Paula Swaford, RN

For the life of me, I just don't understand why the NBA (National Basketball League Association) won't call me! I mean, they are so concerned about subduing Shaquille O'Neal and all of his 7 ft., 330-pound solid muscle hulk of a person.

I have the answer but no one has bothered to ask. All they have to do is give him cystitis and he will be rendered absolutely useless and like 'putty' in their hands.

If you have never experienced a case of cystitis (otherwise known as a bladder infection) then you are one lucky person. Lower urinary tract infections (UTIs) are nearly 10 times more common in females than in males (except elderly males) and affect 10 percent to 20 percent of all females at least once in their lifetime.

Cystitis is an inflammation of the bladder frequently

caused by bacteria and is the most frequent site of infection within the urinary tract.

The common signs and symptoms include a burning sensation upon urination, frequency of urination, low back pain, cloudy urine, fever, nausea and vomiting, bladder cramps or spasms, itching, pain or tenderness over the bladder, and often hematuria or blood in the urine.

So, how do you know if you have a case of cystitis? A simple microscopic exam of the urine can disclose the presence of an infection. Treatment is simple also. Anti-microbials or antibiotics are the best taken usually for 7 to 10 days to render the urine sterile.

The important key here is to take all of the medication just as the physician prescribed. Why people tend to stop taking the medication when they start feeling better is beyond me.

If the medicine is stopped too quickly the bacteria are not killed, just slowed down; and the infection can flare up again.

It is important to increase the amount of fluid you drink to equal 2000cc or 8 glasses a day. This will help to keep the urine as dilute as possible. Fruit juices, especially cranberry juice, and oral doses of vitamin C may help acidify urine and enhance the medications' action.

Females should urinate

immediately after having intercourse, not "hold" the urine, but empty the bladder as completely as possible.

She must perform good hygiene, such as wiping from front to back, not the other way around. Showering is preferred over tub-baths to prevent the entrance of bacteria into the body.

Pregnant women are very susceptible to UTIs due to the enlarged uterus exerting pressure on the tubes leading from the kidneys to the bladder (ureters) and also because of hormonal changes in the body. For young men, like "Shaq", the release of fluid from the prostate gland helps to serve as an antibacterial shield against infection.

However, older men, above age 50, lose this protection when the prostate gland begins to enlarge. This enlargement can promote urine retention leading to bladder infections.

In Florida, where everything (including germs) grows so rapidly, parents must be alert to the same signals in children that we see in adults, and seek medical attention right away.

Well, well, well, would you believe I just got that call? The Chicago Bulls want me on the next plane to Orlando!

Until next time... stay informed and stay healthy.

### Old timers say they've never seen anything like it

By Mike Lyons

I've never seen anything like it. It was a comment I heard often last week as the rain fell and the water rose across southern Florida.

The National Weather Service said nearly two feet of rain had accumulated in some parts of our area. Flood waters were several feet high. Long-time residents said it had never happened before. Only Noah had witnessed water like this, they said.

Yet, it has happened before

and it will occur again. When you live in the rainfall capital of the United States you can expect flooding to take place from time to time.

Floods, especially flash floods, kill more people each year than hurricanes, tornadoes, thunderstorms or lightning. An average of 110 people are killed by floods each year in the United States. Most of them die in their vehicles when their car or truck stalls in rising water.

There have been many flood disasters in America's history: from the Johnstown, Pennsylvania flood of 1889 to the Mississippi river floods two years ago.

But the strangest flood of all occurred in Boston on January 15, 1919: the day molasses, not water, ran through the streets of Boston.

It was an unusually warm winter day in Boston: the temperature reached 43 degrees

by noon. Workers at the Boston & Worcester & Eastern Massachusetts railroad company were eating their lunch outside enjoying the unexpected heat-wave.

Just down the street they could see the Puritty Distilling Company's massive holding tank, 58 feet high and 90 feet across. It contained 2.3 million gallons of crude molasses waiting to be made into rum.

Suddenly a low, deep rumble shook the neighborhood. Witnesses remember hearing the sounds of ripping metal and popping bolts followed by a booming roar. The bottom of the giant holding tank had spit open sending molasses everywhere.

The amber, goopy liquid roared out of the tank at a pressure of two tons per square foot smashing everything in sight. A railroad freight car was sent flying through the air smashing the metal walls of the freight terminal.

The old expression "slow as molasses" did not apply to the 30 foot wall of goo that roared down the street smothering five of the lunching workmen. Houses were destroyed, a fire station was knocked on its side.

Fireman William Connor was one of the lucky ones. He saw the wall of molasses bearing down on him. He survived by standing on top of a sturdy table as the molasses flowed as high as his ears. 21 other people were not as fortunate and more than 150 others were injured.

Six years and 125 lawsuits later a judge ruled that the tank had not been strong enough to withstand the enormous pressure of the 2.5 million gallons of molasses it was designed to hold. Puritty Distilling paid over \$1 million in damages.

It took weeks to clean up the mess from the Great Molasses Flood. Yet, years later, people claimed they could still smell the molasses on a hot summer afternoon.

Any type of flood is a disaster but given a choice most of us would take water over molasses.

Mike Lyons is the weatherman for WPBF, Channel 25.

### Callers don't like security building at the marina

"I see that they now have a security check point out in a little old building at the Lake. Why are the people out at the lake any better than anybody else?"

Why not build them all over town? If they need security out there they sure need it all over town worst then they need it out there.

Why don't we just put them everywhere and let the police get in there and man them, instead of sitting around drinking coffee or sitting under a shade tree."

....

"When are they going to kick those people out who are living out at the lake and have been living out there for 10 years?"

Don't say they're grandfathered in, or they work for the city. That's a campground, it isn't some place you should go and live.

And now, they got a security gate where you can't go in and out. Why don't they put these up all over town and let's stop a lot of this stuff that's going on, but get those people out from there who have been living there and staying out there. Let them go to town and rent an apartment."

....

"I've lived in Belle Glade all my life. I pay taxes here. I own three houses and two apartment buildings and everyone who lives in them are citizens of Belle Glade.

I can't even go out to the dam marina now to let my young uns run around and fish in the pond after 8 p.m. at night."

That's a crock of crap!"

You get all these people from Pennsylvania and Michigan and up north and they think they own the damned place and they're going to run me out. We ought to run them out and put them back on the road up north. They've got a security guard who's from up north and he doesn't know who should live there and who shouldn't. He's old enough to be everybody's grandpa. He doesn't know what they're doing out there.

The city is paying him to do that? Come on. Use your own self, pay your own taxes for Belle Glade."

Mike Underwood, parks and recreation administration, and Michael R. Miller, chief of police, responds to public safety at the Belle Glade Marina Campground. The City of Belle Glade and its citizens and visitors are indeed fortunate to enjoy the wonders of Lake Okeechobee. The marina campground area produces between \$750,000 and \$1,000,000 in revenue of which over \$500,000 is used by the City of Belle Glade to provide municipal services. It is our objective to pro-

vide the best possible service to our citizens and visitors alike.

As to the specific question of security there has been a dramatic increase in gang activities, crimes of violence, theft, and substance abuse. There have been several fatal accidents associated with nighttime activities. In an effort to find a solution to these problems and make the area safer for everyone, the decision was made to provide security at the entrance to the marina campground. From 8 p.m. to 4 a.m. the area is restricted to fishermen, airboaters, campers, or anyone who has made arrangements to rent any of the facilities which are available, such as the pavilion, putt-putt golf course, or the mini pavilions. Everyone engaged in these activities are more than welcome. There are no restrictions from 4 a.m. to 8 p.m., other than those which have been in place for years. The City of Belle Glade has reserved several of the best campsites for City of Belle Glade residents only. All other facilities are reserved on a first-come, first-served basis. The citizens of Belle Glade are our most valued friends and neighbors, but we are also very proud of our visitors who contribute so much to our community during their stay.

Any citizen who wishes to engage in meaningful, constructive discussions regarding any matter in reference to public safety or the operation of the Belle Glade Marina Campground is welcome to contact Mr. Underwood or Chief Miller as it will be our privilege to discuss these matters with any interested parties.

### No patrol cars seen in his neighborhood

"Yes. This is a question for Chief Miller. Why can't we have police officers patrolling our neighborhoods? I rode through the northeast section from five till nine last night, never saw the first police officer. Speeders, everybody just taking over. I get up at 6 a.m. and ride till 8 a.m. in another section, the southeast section. Not the first police officer. Why can't the chief check this out? If he has to ride, what does he think he gets paid for? To sit behind a desk? No. I'd like an answer."

Chief Miller responds to person who would like an answer: If you would like an answer, you have a personal invitation to report to the Belle Glade Police Department and I will make arrangements for you to ride along with a patrol officer. You will learn first hand about the dedication and hard work of the men and women of the Belle Glade Police Department. Our police officers risk their lives and health every day to protect you and your property. I am proud of them and you should be too.

Speak Out continues on Page 5

## Letters to the editor

### Dear Editor:

We recently moved to Arkansas after living in Belle Glade for more than 30 years. We like it here, but we miss all our friends.

We enjoy receiving our Sun newspaper so we can stay up on what's going on in the Belle Glade area.

We would like to get this news before it is two weeks old. That is how old our paper is when we receive it. I know the mail is slow. We just received our Sept. 28 paper last Thursday, Oct. 12. Please try to get the news to us within a week. Sure would appreciate it. We are always glad to get it.

We would like to defend Lomax Harrelle against all those who have been giving him a hard time. They had better be glad they have someone like Lomax as city manager, working for the city. If there is a dollar to be found to help the City of Belle Glade prosper, Lomax can find it. He works for all the residents of Belle Glade. Keep up the good work, Lomax.

Thank you.

Pop and Jerris Williams  
Paragould, Arkansas

### Dear Editor:

The Committee to Ensure Florida's Economic and Environmental Future is running ads in Florida newspapers spreading falsehoods about Florida's sugar industry.

Farmers in the Everglades Agriculture Area (EAA), are paying 100 percent of the cost to clean up their farm water run off. They have spent over \$16 million since 1989 on solutions to environmental problems. If this committee succeeds in the destruction of the EAA farmers, who will pick up the additional \$322 million in taxes the farmers are committed to paying?

It's time the environmental community put their money where their mouth is. They have millions to spend on their smear campaigns and don't contribute 2 cents toward Everglades Restoration. This group is co-founded by millionaires who live in the lap of luxury. Farmers and residents of the EAA are hard working, taxpaying, American citizens who have proven their commitment to the Everglades.

No matter how much farmers contribute it will never be enough until they drive us out of our homes and businesses in the Glades.

Sincerely,

Cathy Hilliard  
Spokesperson  
Ladies of the Lake, U.S.A.

### Dear Editor:

The king is parading the street with no clothes on and nobody wants to tell him - because everyone is scared of the consequences.

I fear that no one wants to admit that we citizens of the United States are brewing a race war. We have to be aware that all this name calling is no longer a laughing matter.

I would like to ask your readers "Do we seriously have that much hate in our hearts? Do we want to become a war town Bosnia? Hitler had that much hate in his heart, when he exterminated other races."

Think about it.  
Thank you.

Roberto Rodriguez  
Belle Glade

### Dear Editor:

Please allow me space in your paper to voice my concern regarding the criticisms leveled against the sugar industry by the Rev. Henry Lyons from St. Petersburg, FL.

Here is someone preaching a bitter sermon about sweet sugar, and I am one individual who resents it. "He who knows not, and knows not that he knows not, is a fool."

It is rather puzzling to figure out where Rev. Lyons got his information from, but one thing is certain, and that is, if he interprets and assesses the Bible the way he does, the sugar companies and the Glades, he needs to go back to school and study.

To accuse the sugar companies of causing AIDS and some other sickness and diseases is absurd, sanctimonious and without foundation.

One of the callings of every minister and pastor is to see about the physical welfare of humanity. This word or term physical goes a long way in describing the various conditions and circumstances in ones life that needs to be met.

Sad to say, Brother Preacher, but I think that you have been brainwashed. Why not pay a visit to the Glades and see for yourself and then you will be able to assess the conditions from personal experience?

Have you been paid or coerced to make such an erroneous report? (I borrow these words from the philosopher W. Longfellow: A little learning is a dangerous thing. Drink deeply of the spring of knowledge. There shallow draughts intoxicate the mind, and drinking deeply, sobers it again.)

I know for sure that the sugar industry means a great deal to the country economically, financially through employment, educationally through awarding of scholarships, assisting in providing parks and recreation for our children and young adults and needed housing, to name a few things or benefits.

I do not work for the sugar companies, but I had worked for some of them previously, came up through the ranks and I know especially what U.S. (Big Sugar) Corporation has done, not only for this country and its inhabitants, but even outside of the United States. Thousands of families benefited from the sugar industry.

I am appalled at your vicious attack. What does the sugar company have to do with AIDS, cancer, diabetes, strokes and accidents? How much have you travelled and where? What do you know about your so called terminology of third world countries?

If it seems as if I am a little harsh toward you, it was not meant to be. Rather, I want to (if I can) educate you to the facts. I love you Brother Preacher, and want to encourage you to do some good, not bad.

Finally, a word of advice: Please do not allow yourself to be controlled and used by special interest groups and political lobbyists.

"Let every man abide in the same calling wherein he is called." 1 Cor. 7:20.

Yours truly,

Rev. Clifford C. Davis  
South Bay

Glen Roy Carrington

## Crimestoppers

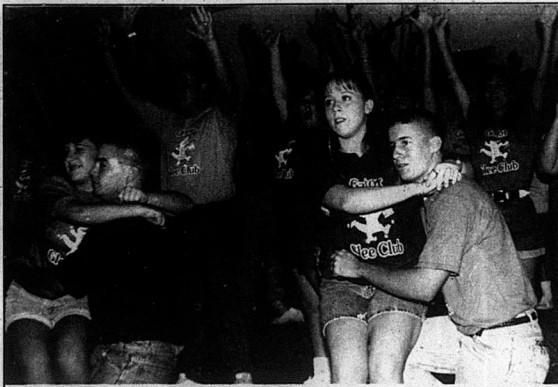

Crime Stoppers of Palm Beach County, Inc. is asking for your help in locating Glen Roy Carrington, who also goes by the name Drake. He is wanted for violation of probation on charges of aggravated battery with a deadly weapon.

Carrington is 5'10" tall and weighs 160 pounds. He has black hair and brown eyes. His Social Security number is 266-71-7977 and his last known address was 715 Mobile Home Park, Lot 106,

Belle Glade. His birth date is listed as March 27, 1963. His last occupation is unknown. His warrant was active as of Oct. 24, 1995.

If you know the whereabouts of Glen Roy Carrington, or anyone involved in a serious crime, call Crime Stoppers, 1-800-458-8477. You do not have to give your name. Remain anonymous and receive a cash reward if your tip leads to an arrest or recovery of stolen property.

Glades Day School's Glee Club performed for the record crowd at the 31st Annual Belle Glade Chamber of Commerce Awards Banquet.

## Speak Out

Continued from page 4

If you still need answers please take the opportunity to spend the day with me and allow me the opportunity to share with you the challenge of managing a modern police department. The ball's in your court.

P. S. To the person who has questions about permanent residents at the Belle Glade Marina, please be advised that Resolution 21-67 provides that five percent of the camping spaces may be utilized for long-term camping. We are complying with that resolution. Thank you.

### Lights still out at Lyons Park

"I'm calling about the lights at Lyons Park. Lomax Harrell said it would be two weeks. Evidently he can't count. Two weeks. He's been saying that all summer.

I'd like to know when they're going to get them fixed. If they're not going to get them fixed, why don't we let the citizens of Belle Glade hire somebody and bill the City of Belle Glade for getting them fixed, because evidently, the City of Belle Glade can't get them fixed."

**City Manager Lomax Harrell responds:** In response to the speaker concerned with the lights at Lyons Park, you are correct.

The electrical work is completed and the lights are now operational.

**Thanks!**  
"Thank you for printing the honor roll for the West Campus of Glades Day School. I called last week wondering why it wasn't in there. Again, thank you."

**Editor's note:** We have received several Speak Out calls which were personal attacks on individuals. Please, callers, remember that Speak Out is designed to address your legitimate questions, important comments on social issues or to give praise where praise is due. We will not print comments from anyone who has a personal vendetta against public officials and asks them to respond about things they do on their personal time.

### NOAH responds to last week's Speak Out

**Editor's note:** Last week, we ran a Speak Out criticizing the management of Neighbor's Organized for Adequate Housing. This Speak Out should not have run. NOAH is a private corporation, not funded with tax dollars and the caller obviously had his facts wrong. John Brown, executive director for NOAH, also is responding below. We apologize to Mr. Brown and the staff at NOAH for letting last week's Speak Out slip by us.

**Response from Mr. Brown:** We, NOAH Development Corporation Executive staff, read with interest the article in

Speak Out in last Thursday's paper. However, we wish to clarify some of the points made by the caller and discussed with the editor on Thursday afternoon.

NOAH is not a federally funded program as was stated by the caller and subsequently printed in your paper.

It should be noted that NOAH is an organization funded to foster decent, safe, sanitary and affordable housing. We do not wish to exaggerate our accomplishments, but we have grown from a humble beginning of a \$2,000 loan to start-up funds and have garnered more than \$17 million dollars in assets.

Monies received have been utilized to construct and/or rehabilitate soon to be 500 units. This should attest to the fact that NOAH is not a wasteful spender.

Our housing is not governed by handouts, but from loans from such notable lending institutions as Community Financing Consortium, Inc., First Union National Bank, Barnett Bank, Fidelity Federal, CNA Insurance Companies and finally, U.S. Department of Housing and Urban Development, of which we are currently repaying at this time. We have supported staff over the past 10 years from the proceeds of the rents and have only had two rent increases.

I would welcome this caller and any other concerned citizen from the Glades to call me, John B. Brown, executive director, at (407) 996-2300.

## Chamber award winners — Continued from page 1

Scott Berkowitz

"His dedication to duty and genuine concern for others make him truly deserving of this award."

### Police Officer of the Year

A policeman involved with the city's new Community Oriented Policing Services Unit at

year, Officer Sweet was named "Police Officer of the Month" for April 1995.

### Community Pride Award

The 1995 Community Pride Award went to Great Lakes Chemical Corporation of Belle Glade.

Plant Manager Doug Royster accepted the award from Chamber Board member Lee Sutterfield.

Great Lakes came to this

community in 1986 when they bought the existing company, QO Chemicals. They have almost 70 employees and have been involved in activities sponsored by the chamber and Leadership Glades.

"This year's recipient has also put a lot of effort into improving the physical appearance of their facility - from cleaning and painting to large-scale landscaping," said Mrs. Sutterfield.

...

Man comes as a novice to each age in his life.

—Nicholas Chamfort

## Sorority will have art show at Grassy Waters Festival

Xi Alpha Mu, Pahokee chapter of Beta Sigma Phi will present an Art Show at the Fire Station during the Grassy Waters celebration in Pahokee on Saturday, Nov. 4. The art show will feature many artists from Pahokee and Belle Glade, there will be several paintings represented from each of the artists and should prove to be quite an extensive collection of works. The chairwoman for this event will be (Mrs. Lewis) Gethie Friend. There will be no charge and all the public is invited.

Members of Xi Alpha Mu of Pahokee enjoyed a lovely covered dish supper at the ranch. **Xi Zeta Mu Sorority dresses for Halloween**

Xi Zeta Mu held Oct. 23 meeting at the Chamber of Commerce. Hostess and Co-Hostess for the meeting was Laura Mae Enfinger and Merelyne Cochran. Costumes were worn by the members to celebrate Halloween. After the business meeting, Sandra Chamblee presented a program on the History of Beta Sigma Phi. The monthly Gift Raffle was won by Linda McMillan. Others in attendance were Florence Acres; Karen Corbin, Jane Evans, Gethie Goforth, Judy McMillan, Barbara Meroney, Sara Nell Phillips, Gloria Swager, and Greadle York.

of (Mrs. Lewis) Gethie Friend at Yee Haw Junction in Vero Beach Sat. afternoon, Oct. 28. Before and after supper Lewis

took everyone out to see the deer and turkey that live on the grounds.

## Local students included in the National Dean's List

A total of five students from this area are among the 125,000 students included in the 18th Annual Edition of The National Dean's List just published by Educational Communications, Inc., Lake Forest, Illinois.

Students are selected for this honor by their college deans, registrars or honor society advisors and must be in the upper 10% of their class, on their school's dean's list or

have earned a comparable honor. Listed students are eligible to compete for \$30,000 in scholarship awards funded by the publisher and may also use a referral service for future employment opportunities. More than 2,500 colleges and universities nationwide use the publication to recognize their academically qualified students. Local students selected include:

- Belle Glade - Anita L. Nariani, University of Florida
- Pam Rajendran, Boston University
- Pahokee - Kay W. Hatfield, Florida Atlantic University
- Cheryl L. Miller, Florida Atlantic University
- Linda B. Phillips, Central Florida Community College

## 4th Annual Big "O" Hike, Nov. 18

Saturday, Nov. 18 at the Pahokee Campground & Marina, the 4th Annual Big "O" Hike around Lake Okeechobee will begin. Averaging 12 miles per day, hikers will cover 107 miles in nine days. The hike will end up back at Pahokee on Sunday, Nov. 26.

For many hikers, this will be their first time seeing the second largest fresh water lake in the United States. They will travel through miles of sugar cane fields, and probably see some of the cane being harvested. A visit to a live cattle auction in Okeechobee is on the schedule and feasting on fresh caught catfish will be a dinner treat. A pontoon boat ride through the Audubon Preserve will be available as will a visit to a Seminole Indian reservation. These are only some of the things the hikers will do in their free time. All of this adds to the enjoyment of the experience and is a tremendous boost for the region's eco-tourism efforts.

The State of Florida has designated this a sanctioned event for the state's Sesquicentennial (150 year) Celebration. It will be the largest event in the state in terms of geographic area, covering the five (5) counties sharing Lake Okeechobee.

This is not a back-country, wilderness, no-frills hike. At the end of most days, hikers will be found roughing it in hot tubs and swimming pools at local camp grounds. In fact daily showers are the rule. The hike is really a series of civilized fancy pack day-hikes. Participants can join in for the first day's 3-mile "wimpy" walk. They can hike for a day or a weekend or they can join in for any part of the hike. Most meals will be eaten at local restaurants and Thanksgiving Dinner will be celebrated at the Clewiston Inn. Motels can

be booked instead of camp

groups. Last year 170 people went through the gate the first day. Registrations for this year's hike are running almost double those for the same time last year. There's room for everyone. A large family group from Florida will hold a reunion and hike along with us. Approximately thirty (30) members of the Young Marines of the Marine Corps League of the United States will be with us for the camping and hiking experience and will be going for their ribbon in Conversation. Any group or individual is welcome to participate. There is no fee.

Hikers will be responsible for their own food and lodging

expenses. On the first day, busses will be available to return hikers to their cars and camp sites. During the rest of the hike, transportation between points will be done through car pooling.

The Herbert Hoover Dike around Lake Okeechobee rises 35 ft. above the surrounding terrain. Hikers have unobstructed views for miles in all directions. At one point looking south and northwest they will be able to take in five (5) days worth of hiking in one panoramic view.

For complete information and registration packages call or write: Ms. Sunny Fiskura, (407) 588-1595, 7142 Venetian Way, West Palm Beach, FL 33406.

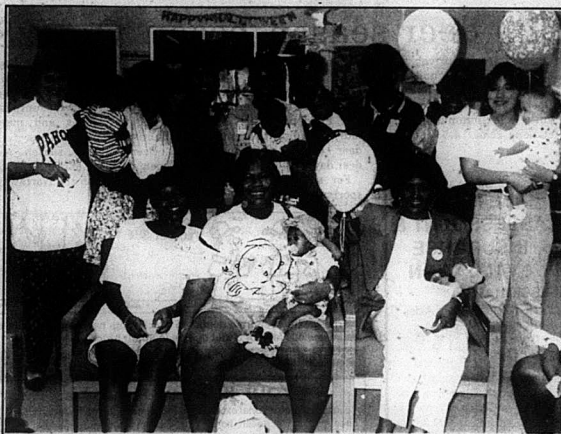

## "Arsenic and Old Lace"

It's murder and mayhem when Actors' Community Theatre presents the classic comedy, "Arsenic and Old Lace," Nov. 17-18 at John B. Boy Auditorium, Clewiston, beginning at 8 p.m.

A candle-lit Italian dinner will be served between 6:30 p.m. and 7:30 p.m. for those making reservations by calling 983-7401 or 983-6975 by Nov. 15. Box office tickets go on sale each evening between 7:30 p.m. and 8 p.m.

The madcap characters in the play include two adorable but deadly old ladies, four Keystone cops overlooking evidence of mayhem right under their nose, a plastic surgeon of questionable certification, an insane killer, a hysterical play critic and the somewhat 'confused' girl. This is one you won't want to miss!

Once again... that number to call for reservations is 941-983-7401 or 983-6975. Box office tickets can be purchased at the door.

Reading to the children... On Sept. 29, Principal May Gamble read to teacher Becky Mattox's Child Development class and some of their children in order to support Pahokee High School's focus on Reading this year. (Front row, left to right) Takhyro Williams, Sirlesner Owens, and Principal Mae Gamble. (Second row, left to right) teacher Becky Mattox, Margaret Clay, Lakisha Scarlett, Lakisha Murvin, Vivian Hughes, Jamie Smith, Theresa Bowles and Vicente Delbosquez.

## Pahokee's Principal May Gamble took a time out, read to the children

By Buffle Chapman  
Staff Writer

Pahokee Middle/High's 1995 focus is Reading. Principal May Gamble is doing just that. Child Development teacher Becky Mattox and Principal Gamble was host to a reading day.

On Sept. 29, Principal

Gamble took time out of her busy schedule to read to some of her students in the Child Development class and their children.

The idea behind the reading day is to encourage students who have children, or are going to have children, to realize the importance of

reading to their children and to show their children the importance of becoming involved in reading.

Refreshments were served, balloons were given to the children and the Media Center of Pahokee Middle/High School taped the activities.

## Glades Day Gator Tales

bers were among the last three. Other winners Saturday evening included Larry Gilmer, who won the rifle; Jerry Blakely, the green and gold quilt from Log Cabin Quilts; and Carla Bax and Stein Farms, who won the purses.

GDS thanks parents, faculty and students who all turned out and worked to make this year's festival a big success.

Never ones to rest, the Gators turned around on Sunday afternoon and began to work on homecoming for this week. With the theme "Gators Get Ruff" in mind, they are putting their creative talents together to come up with the prize winning floats for Friday's parade. The parade will begin at 1 p.m. at the school, go south on Main Street, and end at the City Hall Complex.

Make plans to be at our Gator Growl Thursday night against St. Edward's. This game marks the end of the season for the JV players, who, under Coach Kick Schmidt's leadership, have lost only one game in two years. Help us celebrate their winning season and get ready for the varsity team's homecoming game against Moore Haven by attending this special night-time pep rally.

The homecoming dance for grades 9-12 will be held from 8

p.m. until midnight Saturday, Nov. 4, in Tripp Hall. Tickets are available in advance from Student Council Sponsor Mrs. Barbara Scruggs for \$3 per person or \$5 per couple. They will be \$4 at the door. Students are reminded that if their date does not or has not attended GDS, they must sign their date up in the office and show proof of age by Friday morning. Non-GDS students will not be allowed to attend the dance if they have not been registered in the office by Friday. Non-GDS students must be in at least the ninth grade and/or not more than 20 years of age.

In between all these activities, students are reminded that six weeks exams will be held next week. Yes, it's that time again, so keep those books cracked open and don't let your minds wander during class!

## Class Reunion planned

The members of the Lake Shore High Class of 1966 are preparing for gala events to commemorate their 30th reunion. The activities are to be held June 13-16, 1996.

Class members input is vital. If you are a class member or if you have addresses for out-of-state class members, we want to hear from

you. The next meeting will be held Nov. 11 at the home of Rosa Asbury, 809 N.E. 22nd Street, Belle Glade, or call 996-5698.

You may contact Lois Lewis at 996-7010, Jackie Radcliffe at 996-6449 or Shirley Walker after 6 p.m. at 996-0816 with addresses or phone numbers of out-of-town classmates.

Glades Day School's campus was brimming with activity last Saturday as they celebrated the season with the annual Fall Festival. All kinds of rides and attractions drew young and old alike as they participated in the cake walk, basketball shoot, pick-up ducks, balloon and-goldfish throw, and hayride. Also popular were the sixth grade's Haunted House and Maze, sponsored by the Gator Glee Club.

Everything from scarecrows and pumpkins to clowns and birthday cakes showed up on the football field for the elementary costume parade. This year's overall winners were Natalie Alvarez, Most Original for her Tropical Fruit Stand; Brooke Allen, Best Halloween; Most Authentic as a dragon; David Baker, Visitor's Category as a robot; and Aleigh Miller, Jacob Carter and Jordan Hawkins, Best Group Theme as a banana split.

Congratulations go to former Belle Glade resident: Pepe Viera, who was the grand winner of the drawing for the 1995 Ford Pickup truck. His number was the last one left in the barrel at the end of the evening, beating out Alexia Harrelle and Brad Seider, whose num-

## Child Care Centers

East Coast Migrant Head Start Program, 475 U.S. Hwy. 27, South Bay, FL, would like to announce the sponsorship of the U.S. Department of Agriculture's "Child and Adult Care Food Program."

Meals will be available at no separate charge to enrolled eligible children at the centers listed below and will be provided without regard to race, color, national origin, sex, religion, age, or handicap.

## South Florida deer season began Oct. 28

Gas up the truck, break out the dogs and pull down your shooting iron. Deer hunting season is almost here.

Oct. 28-Jan. 7, South Florida deer hunters can take

antlered deer on private property with modern guns, bows, crossbows or muzzleloaders. Deer must have at least one antler a minimum of five inches long. Nov. 4-5 antlerless

deer except spotted fawns also are legal game.

Daily bag limit is two, one of which may be antlerless Nov. 4-5. Field possession limit is four, including two antlerless deer during the antlerless deer days.

For additional information, sportsmen should study the

Game and Fresh Water Fish Commission's 1995-96 Hunting Handbook, available from Commission offices, county tax collectors' offices and many hunting supply retailers.

Deer hunting season will open in the Central Zone on Nov. 11, and in the Northwest Zone Nov. 23.

The greatest reported depths to which roots have penetrated is an estimated 400 feet for a wild fig tree in South Africa.

Introducing

# Heritage Card<sup>SM</sup>

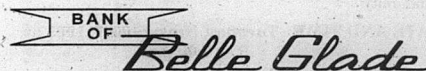

**It's welcomed around the corner,  
and around the world.**

***It's the only card you really need for cash and purchases, plus,  
there's no transaction charge!***

We're proud to introduce Heritage Card, banking for the 21st century available now, from the Bank of Belle Glade. With Heritage Card, you have the security and convenience of electronic access to vital banking services 24 hours a day, every day of the year -- no matter where you are. It's your link to your personal Bank of Belle Glade checking account around the corner, or at thousands of locations around the world. Heritage Card gives you cash, or lets you make purchases with safety and security. Purchase gasoline, groceries, entertainment, travel -- everything from fashions to hardware to flowers, at department stores, convenience stores, specialty shops, and all kinds of services. Record keeping is simple and easy with your personal Heritage Card register.

Plus, with Heritage Card, there's no transaction charge from the Bank of Belle Glade. Our low \$9.00 annual fee gives you the advantage of unlimited transactions. Heritage Card is safer than carrying cash, and is more convenient than writing a check.

Best of all, Heritage Card gives you the personal banking power of big regional banks with the convenience, security, and friendly personal service that is our heritage.

**Building On Our Heritage Of Community Pride**

### Pahokee 6, Boca Raton 3

Pahokee Blue Devil statistics were unavailable at press time.

Next week the Blue Devils will host Cardinal Newman, Nov. 3.

Pahokee Blue Devils had a Homecoming to remember!... in their 6-3 victory over Boca Raton Oct. 26.

## Pahokee Blue Devils win by a field goal, 6-3

By Robbie Everett

When was the last time Pahokee had a field goal kicker like **Victor Rodriguez**, you ask? It's been almost 20 years. Long enough for most fans to forget. But it will be a while before Pahokee fans forget the game against previously unbeaten Boca Raton when the games only scores were field goals.

The Blue Devils (#5/3A State) and Bobcats (#4/5A State) battled defensively to a scoreless first quarter. This game matched two of the stingiest defenses in Palm Beach County. Both are ranked in the top 5.

Rodriguez practiced extra last week in preparation for the perfect 28 yard field goal kicked early in the second quarter. The Blue Devils were lined up on the Bobcats 11 with a 4th and 9 to go when one of the coaches suggested going for three. Marx called a time-out and the rest

is history.

The 3-0 lead stood until the fourth quarter when Boca tied the game with a field goal of its own. Running back **LeFann Williams** got into the act and ran 40 yards to set up the winning field goal. Williams accounted for most of Pahokee's yards with 70 on 18 carries. With a fourth and 4 on the 9 yard line Rodriguez kicked the game winning 27 yard field goal.

At halftime Jerry Wells was honored as hometown hero for the previous home game. His mother, Mrs. Linda Osborne, Principal May Gamble joined him as Assistant Principal Coach Eddie Rhodes presented him with the plaque.

Homecoming Queen Lakeitha Babb and King Lamart Cooper (football center) along with the Royal Court were presented to the standing room only crowd. Former players and Pahokee fans

brought me up to date on the list of Pahokee kickers that will now include **Victor Rodriguez**, **Leopold Sterling**, and outstanding running back and kicker at Pahokee High ushered in the 70's, followed by QB/kicker Mark Wetherington kicking from 50 yards, Gary Gillis and the late Jerry Pugh ended the era of outstanding Pahokee High School kickers.

This week Pahokee hosts Cardinal Newman in the last district game of the season. This game will seal the district 13-3A championship. The final week of regular games is Nov. 10 when the Blue Devils and Raiders meet in the annual Muck Bowl. Look out Raiders!

Pahokee will probably meet LaBelle in the early rounds of the regional play-offs. The Blue Devils had an opportunity to scout the LaBelle team last weekend as they defeated the Glades Day Gators in Belle Glade.

## Friday night football frenzy!

## Raiders remain undefeated, shutout Santaluces 23-0

Yet undefeated Glades Central Raiders keep their winning streak going, with a 23-0 shutout against Santaluces in their homecoming game held Oct. 27.

The Raiders, #1 in the state 4A poll, are now 8-0. Raiders linebackers had 28 tackles in total. Senior linebacker Teddy Sims had 14 tackles and one sack, Antron McCants had seven tackles and Antron McCants had seven tackles,

leaving Santaluces with only 55 total yards.

Brad Banks scored on a 17 yard run and Michael Bryant had a one yard run in the first quarter.

Cornerback Dan Brown had a 63 yard fumble return in the third quarter and also intercepted a pass from Santaluces quarterback John Manion.

Next week Glades Central Raiders will play at Suncoast, Nov. 3.

Gator tackle!... This LaBelle Cowboy isn't going anywhere!

## Glades Day 10, LaBelle 27

By Eddie Campbell

Last Friday the Glades Day Gators hosted the LaBelle Cowboys. The Gators knew that they were going to have their work cut out for them if they were to pull out a win. LaBelle entered the game with an undefeated record and a number two ranking in the class 3A State poll. The Gators fought until the end but came up on the short end of the scoreboard 27-10.

The game started out on a positive note for the Gators when Junior Julian Rodriguez intercepted the Cowboys' first pass attempt and returned it 35 yards for a touchdown. The first quarter ended with the

Gators up 7-0.

The Gators scored again in the second quarter on a Rodriguez 27 yard field goal. LaBelle then started its scoring with a 56 yard touchdown pass. The Cowboys failed on their 2 point attempt and half-time ended 10-6 Gators.

LaBelle then began their second half scoring on a seven yard touchdown run. The Cowboys didn't score again until the fourth quarter on a two yard touchdown run. Now the score was 2-10.

The Gators hadn't been behind in the fourth quarter of a game all year. In fact, they had never been behind entering the second half of a game.

The Gators attempted to change the momentum of the game when Patrick Altman blocked a Cowboy punt. The Gators, however, were unable to capitalize on their drive. The Cowboys then stabbed the dagger into the hearts of the Gators on another touchdown pass with 2:25 left in the game.

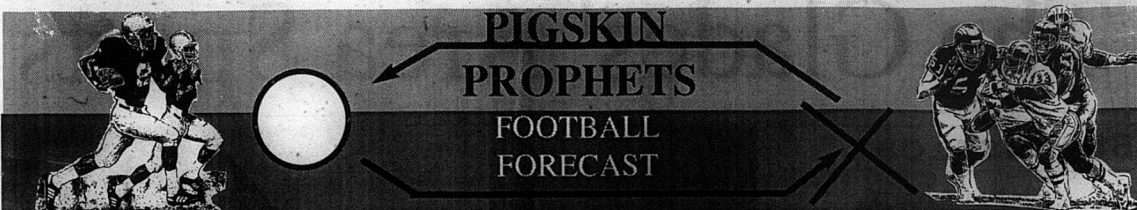

Lee Sweet carried the Ball 17 times for 71 yards on the night. Farris Shattara caught four passes for 35 yards and had 12 tackles. Patrick Altman also had 11 tackles for the Gators.

The Gators will next host Moore Haven on Nov. 3. It will be homecoming for the Gators.

All smiles...Mr. Glades Central, Michael Bryant, escorts Miss Glades Central Ricca Judy during half time exercises at Friday night's game.

Read The Sun weekly, for area sports!

We have some unhappy Pigskin Predictors this week. Several are bummed out that they are doing so badly in this game. We try to remind them that all it takes is one or two good weeks and they can be right back on top.

David Rimes with Lake Welding (67-23) calls his predicting lately "Not so good." Vera Robinson with the Paint Store said she has also been doing some bad picking. Her win/loss record is 68-22. "I thought I'd take my chances with the Jaguars, but I blew it," she said.

Warren Howell with Howell Oil said his problem is that he picks with his heart and not his head. "I tend to pick who I want to win, not who wins," he said.

Warren said next week's game between the Patriots and the Jets will be a "toss up between losers. Neither can whip their way out of a wet paper bag," he notes. Warren is currently 69-21, not at the top, but certainly still in the running.

And, you guessed it, Mike Burkett with Lake Hardware and Earl Wingate with Bernie Little Distributors, are tied for first place with 74-16.

Robert Grande with Leo's Pizza in Pahokee needs to get back from vacation so he can get his scores up. He dropped to 66-24 in the ratings.

It was a tough game between the Glades Day School Gators and the LaBelle Cowboys. Most of our players voted for their hometown boys. This was the first loss for the Gators this season, but we know they will come back fighting.

Good luck to all our players in the weeks ahead.

## Pahokee Blue Devil's Offensive and Defensive players of the week

Smile for the camera... Pahokee's QB-DB #8 Jimmy Wells holds the ball for Kicker #16 Victor Rodriguez.

Pahokee's Defensive Backs... (Back, left to right) #8 Jimmy Wells, #5 Henry Pickens, #23 Tremain Bright, Coach Ronnie Osborne, #22 Pablo Fitze, #3 Richard Bryant, and #21 Andrew Holmes. (Front) #4 Michael Hall, #2 Kovey Jones and #1 James Burroughs.

### Pahokee Blue Devils

Pahokee Blue Devil's chose #16 kicker Victor Rodriguez as Offensive Player of the Week for the Homecoming game held Oct. 26. Victor is the son of Guadalupe Rodriguez of Canal Point.

Victor saved the game against Boca Raton with a game winning 27 yard field goal.

Pahokee chose the entire Defensive line for the Defensive Players of the Week. The whole team did an outstanding job.

## Did You Know?

(NAPS)—A line of UL-listed carbon monoxide detectors is now available at local stores from First Alert, the leading brand of home safety products.

We are now experiencing the largest increase in voter registration in American history, says the League of Women Voters of the United States, largely due to the new National Voter Registration Act that lets people register to vote when they renew their driver's licenses.

An effective program that helps Parkinson's disease patients successfully manage their condition is Propath supported by an educational grant from Sandoz Pharmaceuticals.

Local bookstores now carry *Spontaneous Healing* (Knopf, \$29) by Dr. Andrew Weil, which offers guidelines for boosting the body's natural healing system.

Americans recycled four billion more soft drink containers in 1994 than in 1993, according to an annual study by the National Soft Drink Association.

Children once not expected to live are leading full lives today, thanks to special healthcare services such as those provided, free, by Shriners hospitals.

The new Gillette SensorExcel razor features the latest innovations in shaving technology to provide the closest, most comfortable shave available.

# Volleyball Fever

No man can be wise on an empty stomach.  
—George Eliot

## Holiday Foods With An Italian Flair

(NAPS)—Some of the most popular holiday gatherings these days feature food and drink made possible by a prized drink from Italy.

The not-so-secret ingredient is the exquisite Italian liqueur, Frangelico, one of the most popular liqueurs available in the United States. It can be poured over almost any dessert and it's great in coffee, as well as after coffee. At holiday time, try it in egg nog, hot chocolate, or any other mixed drink.

Now, you can offer your guests a taste of Italy when you use the nutty mellow sweetness of Frangelico in delicious drinks and main dishes.

### ANGELS KISS

3/4 oz. Frangelico liqueur  
6 oz. Steamed milk  
Combine ingredients in coffee mug. Sprinkle with cinnamon or nutmeg.

### GLAZED TURKEY

12-14 lb. turkey, thawed  
1/2 cup apricot jam  
1/3 cup Frangelico liqueur  
After preparing stuffing, stuff and truss turkey. To make glaze, strain jam through a sieve or smooth it in a blender. Add Frangelico and mix well. Use it as your baste throughout roasting period. Make gravy as usual. Serves 6-8.

### FRANGELICO NOG

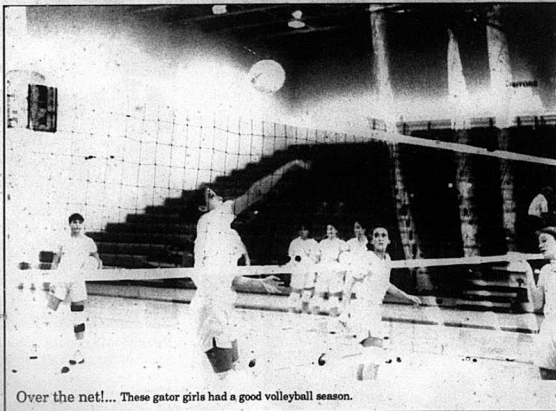

Combine 6 to 8 ounces of egg nog, 1-1/2 ounces of Frangelico liqueur and whipped cream. Top with a dash of nutmeg.

### Free Recipe Booklet

For a free recipe booklet, write: Frangelico Recipe Booklet Offer, 130 Fieldcrest Avenue, Edison, NJ 08837.

Gator fans line up and relax to watch the last of this year's volleyball games.

Over the net!... These Gator girls had a good volleyball season.

I've got it!... This Gator girl had it in for the opponent!

## Fishing with B.A.S.S. Pro. Walt Reynolds

ment? Well, I was on the lake guiding this week and we were having a tough time. So to try something really different, I took a Charlie Twitchin Shad, which is designed to be a soft jerk bait, and rigged it Texas style. In less than an hour we caught nine keepers including an eight pound four ounce lunker. It saved what had been a very slow day. Sometimes, doing something really off the wall will pay off. I learned many years ago not to ignore another anglers "crazy idea". You can learn something new everyday, if you just keep an open mind. Fishing a "lucky sport" or favorite bait to the exclusion of all else will send you home empty handed a lot of the time.

With the high water level in

the lake, you should keep in mind that on a windy day it can get real rough even in the rim canal.

I'm in Eufala, AL, prefishing the Red Man Pro Am Classic this week, and from the weather report I will probably be wearing a lot of clothes.

In my travels around the lakes of the United States, I see a lot of trash in the water and on the shores. I would like to commend the folks using Lake Okeechobee, as it has very little litter thrown about. Keep up the good work and our grandchildren will still have a great place to fish.

To all a good bite,  
Walt Reynolds  
B.A.S.S. Touring Pro.

Walt Reynolds

What a wonderful week on Lake Okeechobee. You could ask for better weather. Maybe the rains are over for a while. We sure don't need any more water in the lake. The front that passed last week giving us the great weather, as is normal with fronts, slowed the fish down somewhat. Flipping the heavy over still seems to be the best, at you have to have patience. You remember last week I said don't be afraid to experi-

Mr. Glades Central... Raider, Ryan Curtis was honored as Mr. Glades Central this year.

## Tusculum drops Homecoming contest 10-7 to Georgetown

*Quarterback Graham Chancey paced the way for Pioneers*

Tusculum College suffered its fourth consecutive setback in losing a hard-fought, 10-7, decision to Mid-South Conference foe Georgetown College on homecoming Saturday.

The loss drops Tusculum to 2-5 overall and 2-4 in conference play. The win helps Georgetown improve to 4-3 overall and remain in second place in the MSC with a 4-1 conference mark.

After recovering a Pioneers fumble late in the first quarter, the Tigers capped off a six-play, 36-yard drive with a 30-yard field goal to give Georgetown a 3-0 lead in the second quarter.

TC's defense came up with a big play on Georgetown's next possession. Pioneers sophomore middle linebacker Alan Cobble (Afton, TN/Chuckey-Doak) intercepted a Georgetown pass, stalling the Tigers drive deep inside TC territory.

Three plays later, Pioneers sophomore quarterback Graham Chancey (Belle Glade, FL/Glades Day) tossed a 69-yard touchdown pass to senior wide receiver Chad Wallace (Chuckey, TN/Chuckey-Doak). Senior place kicker Jay Marsden (Malone, NY/Franklin Academy) added the extra point to give the Pioneers a 7-3 lead with 7:33 left in the second quarter.

GC came right back and scored on its next possession, putting together a nine play, 63-yard drive that was kept alive by a fake punt. A

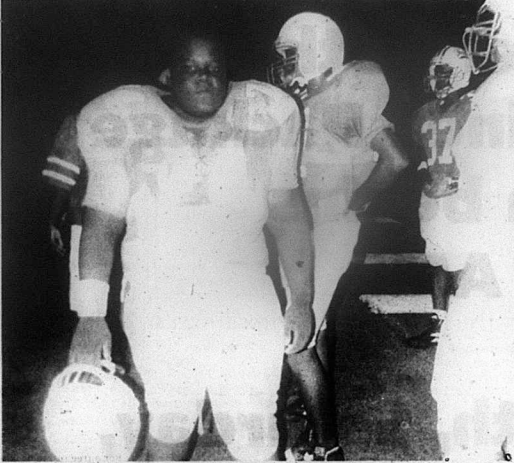

ten-yard touchdown run and the successful extra-point gave the Tigers a 10-7 lead late in the second quarter, finishing off the scoring for the afternoon.

TC put themselves in a position to tie or win with a substantial drive at the end of the contest. The Pioneers took over 19 plays, TC could not convert on fourth down at Georgetown's 33-yard line. The Pioneers turned the ball over on downs to the Tigers with :33 left in the game.

Offensively, quarterback Graham Chancey paced the way for the Pioneers hitting on 7 of 13 passing attempts for 136 yards and a score. Senior running back Eric Claridy (Jasper, FL/Hamilton County), TC's leading rusher with 782 yards, ran for a team-high 80 yards on 14 carries.

On the defensive side of the ball, senior outside linebacker Matt Brown (Kingston, TN/Roane County), who continues to lead the Pioneers in tackles with 62, tallied eight hits, two for a loss, and two sacks. Senior middle linebacker Willie McClain (Graceville, FL/Graceville) had eight stops, one for a loss, and an interception. Freshman cornerback Michael Haire (Sunrise, FL/Western) also had an interception for TC.

The Pioneers will travel to McKenzie, Tenn., this Saturday to battle MSC foe Bethel at 2:30 p.m. (EST).

Pahokee Blue Devils gave intimidation!... in their 6-3 victory over Boca Raton.
